FINAL EVENT

INVITATION

We would like to cordially invite you to join us in the final event of the Mediterranean practitioners' network capacity building for effective response to emerging security challenges (**MEDEA**), which will take place in **Athens, Greece** on the **30th and 31st of October, 2023**. The event will be supported by the **IFAFRI** forum and will address the topic of "**Current and Foreseen Security Operations: Challenges and Capability Gaps**". We look forward to seeing you in **Athens!**

During the first day of the event the focus will be placed on the project's final results and outcomes, while during the second day, a marketplace will be launched showcasing technological solutions ready to use in different security operations.

The event targets practitioners, policy makers, and the industry related to the four following categories:

- "**Management of Migration Flows and Asylum seekers**"
- "**Border management**"
- "**Fight against cross border crime and terrorism**"
- "**Natural Hazards and Technological Accidents**"

For more details on the topics and the flow of the event please check the **attachment** featuring a tentative **agenda**.

Registration is mandatory for both organizational and security reasons.
