

Forum Capability Gaps List

The ability to know the location of responders and their proximity to risks and hazards in real time

The ability to detect, monitor and analyze passive and active threats and hazards at incident scenes in real time

The ability to rapidly identify hazardous agents and contaminants

The ability to incorporate information from multiple and nontraditional sources (for example, crowdsourcing and social media) into incident command operations

The ability to maintain interoperable communications with responders in any environmental conditions

The ability to obtain critical information remotely about the extent, perimeter, or interior of the incident
